BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF IDAHO CITY, IDAHO:

Section 1: That Section 1 of Ordinance No. 1-29 as amended by Ordinance No. 120 as amended by Ordinance No. 125, be, and the same is hereby amended so that Section 1 of said Ordinance No. 1-29, as amended by Ordinance No. 120 and 125, shall read as follows:

"Section 1. It is hereby determined and declared to be necessary and conducive to and for the protection of the health, safety and welfare of the inhabitants and the public of Idaho City, and for the purpose of providing an equitable distribution of the costs and expenses of maintenance, operation, upkeep and repair of the municipal water system of Idaho City, that a system of monthly service charges, rates and fees be established for the use of and services rendered by said water system and facilities.

Therefore, in addition to being a personal obligation, the rates, charges, fees and penalties provided by this Ordinance are hereby levied and assessed against each lot, parcel of land, building or the property (including trailer houses) connected to, or using, the municipal water system of Idaho City.

The following monthly water rates, charge or fee is hereby established in the amount of not less than \$2:75 \$3.25 per month for any single dwelling residence; general business, and public offices, \$3:25 \$3.75 per month; restaurant, bar, or restaurant and bar combination, \$3:75 \$4.25 per month, with a minimum rate for vacant residences and buildings of \$1:00 \$1.50 per month, it being understood that other businesses and associations will have to be appraised by the City Council to establish applicable rates and said Council shall meet with the business or agency being rated, charged with said water rate or fee to approve the appraisal and assessment and establish the rate, charges or fee, levied and assessed against such property.

All applications for new water services connections must be made in writing by the owner or occupant of the premises to be served, on a form provided by the City for that purpose. Where the City has in place water distributions mains of sufficient size adjacent to the applicant's premises to furnish the service desired, the City shall install at the applicant's expense, together with a connection fee of \$50.00 \$100.00 and thereafter maintain at City expense, a service connection of proper size to the applicant. The property owner or occupant shall pay one-half of the excavation costs and shut-off valves to be placed on the City property.

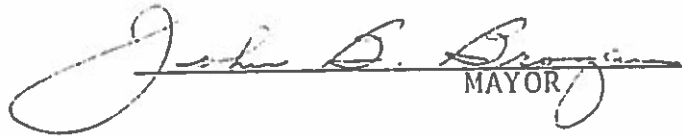

Except as otherwise provided by these rules and regulations and rates, the City will refuse (a) to install a service connection of a larger size than in its opinion is adequate to properly serve the premises; (b) to install a service connection which, in its opinion, will work an undue hardship on the City or its existing consumers; (c) to connect a service connection to a customer's plumbing where the depth of his service line is less than necessary to prevent freezing under normal conditions; (d) to connect to any service, main or other appurtenance that in its opinion does not conform to good engineering design, or meet the standard specifications of the City; (e) to accept an application for a service connection if it requires an extension of the City's mains, unless said mains can be to the City's specifications with the owner or occupant paying the cost of installation plus the cost of a one-inch line. Any larger line than a one inch main will be paid for by the City; (f) no service from the municipal water system will be rendered to any applicant outside the corporate limits of said City of Idaho City until, in the judgment of the City Council, those requiring service within the corporate limits have been properly served and there is available water supply for outside users, and then only under the following conditions: The applicant must submit his application for service to the City Council of Idaho City and secure its approval and then the applicant himself must install, or pay the cost of installing, the service connection in compliance with the rules and regulations and under the supervision of a City engineer, and title to the right of way, pipeline, and other connections must be properly conveyed to the City all under such special rate for service and maintenance charge and possible ultimate refund because of other services rendered through the same line, or for the same reason as may be mutually agreed upon between such outside water user and the City Council prior to the rendering of such service."

All plans, elevations, colors, materials, textures, landscaping and such other information deemed necessary by the commission to determine the appropriateness of the exterior features, buildings, or structures, placed on property within said zone, shall be made available to it by the applicant.

(b) The Restoration Commission herein established, shall review all such plans submitted to it, and shall approve those which are in conformity with the City of Idaho City atmosphere as prevailed generally in the 1870's through 1890's, and are wood framed or red brick construction and said exteriors are facing the streets included within the said zone, and which may be painted or unpainted, and in general, exterior appearances do not have any adornments, lettering, signs, or other devices that would be utterly inconsistent with old Idaho City atmosphere, which this Ordinance attempts to perpetuate, except that approved signs, devices, and adornments may be lighted by indirect lighting.

(c) Application for a certificate of appropriateness shall be filed by the Applicant with the City Clerk, and upon the filing of such application, the City Clerk shall set the same at the next regular meeting of the Commission, which shall be more than four (4) days after the filing of the applica-

tion, and shall give public notice of the pendency of said application, and of the hearing date thereon by posting a notice in two conspicuous places in Idaho City, and in a conspicuous place on the building or parcel of land involved, not less than two (2) days prior to said meeting, stating the name of the applicant, the subject of the application, and the date upon which the same will be heard by the Commission.

At the hearing upon such application, the Commission shall hear all oral testimony and evidence in support and against such application that may be offered and thereupon determine either that the subject of the application is or is not appropriate, within the meaning of this Ordinance, provided, however, that with the consent of the Applicant, the Commission may defer final determination on the application until its next regular meeting.

The Commission shall enter in its minutes the reasons for its determination upon any application for a certificate of appropriateness and such records shall be open to the public's inspection at all reasonable times.

Section 5. Appeals. Appeals from the Restoration Commission's decision must be made in writing to the City Clerk's Office by the party involved, detailing his grounds for appeal to the City Council of Idaho City. Upon receiving Notice of an appeal, from the said person, the Mayor shall set a date for hearing, giving notice to all interested parties at least one week in advance of said hearing. At the hearing, the City Council shall consider testimony, including that of the Applicant, and the Restoration Commission, directed solely to the

point of whether or not the intended structure, alteration, repair, renovation, remodeling or appurtenant fixtures, etc., would or would not violate this Ordinance. The Council shall either affirm the original decision of the Restoration Commission, or disaffirm it by a majority vote and so render a written opinion in either case. In the event the City Council disaffirms the original decision of the Restoration Commission, the Applicant will then be permitted to proceed with his intended plans.

Section 6. Additional Regulations Pertaining to Historic Zone. To further aid in restoration and general appearance of the Historic Idaho City Zone, the following regulations are also covered by this Ordinance, and are considered to be a misdemeanor in the event there is a violation of the following:

- (b) Any member who has a financial interest in any matter being considered by the Commission shall disqualify himself from voting on such matter.

- (d) The Commission may from time to time prepare informational materials for the purpose of assisting people and property owners in conforming to the intent and purpose of this Ordinance.

Section 8. Violation and Enforcement. (a) Any violation of this Ordinance shall be a misdemeanor.

(b) Any violation constituting a misdemeanor shall be a continuing misdemeanor and each day it is in existence shall constitute a separate offense under this Ordinance.

(c) The City of Idaho City shall have the authority to prevent the violation of this Ordinance through the injunction procedure as said procedure is set out in the Idaho Code, and said right to an injunction shall not be construed in any way to prejudice any

action which the City of Idaho City may have against the same person for violation of this Ordinance as a misdemeanor.

Section 9. Nonconforming Structures Presently in the Historic Zone. Any structure presently situated within the said Zone and nonconforming to the regulations listed in this Ordinance, may continue as is, however, in the event the structure changes ownership or services rendered, then it must conform to this Ordinance.
